RG ALLEN CO

IBS ELECTRONICS COMPANY

About Us

RG Allen Products and Services

- Various Resistors
- Various Capacitors
- Various Varistors
- Various Fuses
- Thermal Sensors, Thermistors
- Noise Filters
- Design, Manufacturing and Sales

About Us, IBS Electronics:

IBS Electronics has capabilities to manufacture a wide range of high tech, ergonomic designs in short runs or high volume.

IBS Electronics was established in 1980 in Southern California. IBS Electronics is an ISO 9001: 2015 certified authorized franchise distributor and a global leader in the delivery of innovative electronic components and logistic solutions.

Our company operates a highly effective global sourcing network with offices in Asia, Europe, and the Americas, providing a broad range of integrated sourcing solutions to leading original equipment manufacturers (OEMs) and contract manufacturers (CMs) across a range of industries.

IBS Electronics' expertise in quality assurance, technology, and supply chain management, together with our leadership in the global deployment of Lean and Six Sigma, enables us to provide a competitive advantage to our customers by improving time-to-market, scalability, and efficiency.

Supply Chain Management:

IBS Electronics creates an integrated supply chain with our customers and suppliers by becoming a seamless extension of their operations. We deliver "Best in Class" processes, information technology tools, and people.

Seamless Global Network:

IBS Electronics operates a global Procurement Network that enables us to provide our services and products seamlessly worldwide. This network consists of a robust set of systems, skills, and tools that we use to efficiently manage production and services, regardless of geography, cost point, technology or end-market demand.

IBS supports its network of global customers with turnkey value-added services designed to reduce response times, increase flexibility in the supply chain, reduce order delivery costs and inventory investment, and help customers to optimize their total cost of ownership.

Low-Cost Source:

IBS Electronics is recognized as a low-cost source of electronic procurement services (EPS) and products,

without sacrificing quality, technology or on-time delivery.

Strong Financial Performance:

IBS Electronics delivers strong financial performance by wisely managing our investments and working capital, aggressively

controlling costs, and ensuring that our revenue growth meets our financial return expectations. Applying prudent risk management

and corporate governance, IBS Electronics is a company driven by strong corporate values, based on the highest degree of integrity
